

COFFIN & CASKET COLLECTION

Coffins and Caskets

Choosing an appropriate coffin or casket which means something to you will help with the bereavement process and it is an important but necessary part of your funeral arrangement.

We have many different options available each offering a unique set of features, but before choosing it is perhaps worth taking a look back at the life of your loved one as this may point to the type of coffin or casket that would best represent their unique life. Were they for instance interested in the environment? Or perhaps they had a love of their garden or were a lifelong supporter of a football club, or maybe they were a very traditional person that liked things just so.

Traditional Coffins and Caskets

Our range of traditional coffins covers many styles and materials, from standard styles of coffins and caskets in solid or veneered wood to more elaborate styles with intricate panelled sides and raised lids.

Picture Coffins

A picture paints a thousand words. Reflections is a range of picture coffins that can showcase picture quality images on the coffin. These images can be of absolutely anything, for example a collage of images of your loved one's life, a theme dedicated to the football club supported or a favourite place or hobby your loved one liked. A picture coffin really shows the uniqueness of your loved one's life

A selection of alternative coffins and caskets made from materials such as Bamboo, Wicker, Wool and Seagrass. Offering an environmental feel to the funeral and due to the nature of the materials used can appear to be a 'softer' option than a traditional wood coffin.

A range of genuine American-style caskets, provided exclusively to us in partnership with SICH Caskets. Made in a variety of solid woods and metals, in a range of decorative styles and finishes, including traditional English Caskets.

Hobbies & Passions

As with sports, pastimes and leisure activities can become a defining aspect of people's lives. Be it painting, fishing or gardening, we can create a picture coffin that utilises photographs supplied. If the deceased rode a particular motorbike, or sailed a particular vessel, we are happy to create a design that incorporates the right imagery for a truly personalised picture coffin.

Floral Tributes

Floral tributes have a long association with funeral arrangements and as such it is not surprising that picture coffins that utilise flowers in their design have become a popular choice. These floral designs offer a softer, more colourful alternative to a traditional wood coffin and can hold special significance. Poppies are well known for their link to remembrance, while daffodils can signify rebirth and renewal.

Sporting Life

Sport can become a passionate corner-stone of our lives, manifesting itself in a life long dedication to a particular team. Many of the requests that utilise our personalised service reflect a special memory. Sporting and team coffins remain some of our most popular designs. Through flags and motifs we can reference national teams and, in the event of wanting to include a specific club, we can secure the permission to do so wherever possible.

Mode of Transport

Transport is more than just a means to an end for many people. If there is a specific vehicle or picture you would like to include, such as your loved one's car or motorcycle, we can always find the model or style you choose. We can also add personal touches to our designs, such as a number plate.
